

ADHA Center for Lifelong Learning National Dental Hygiene Board Exam Review

November 14-15, 2008 - Lincolnshire, IL

Testimonials

I fell this was well worth the money I spent. It puts all the information I have learned into action. I feel much less overwhelmed for the Boards now.

The review was very helpful. I really enjoyed the tips to test taking. I wish I would have known these before. This review has helped me not be as scared for the Boards and I think this book will be extremely helpful when it comes to studying. The program was very well put together and organized
